ABOUT US

Ferrol, the European multi-national giant of domestic and industrial heating, air-conditioning and water heating, was founded in 1955 by Dante Ferrol in San Bonifacio, near Verona, in Italy. Today, nearly six decades later, Ferrol has 30 plants and business organisations, 6 R&D centres and operates in over 100 countries worldwide. Despite our size and scale, we remain a family business at heart with a strong commitment to design innovation, build quality and carbon reduction.

The Ferrol group prides itself on its self-sufficiency. From the initial concept through to design, manufacturing and marketing, Ferrol's products are produced entirely in-house. Most components are also produced by Ferrol, with only a very small percentage sourced from elsewhere. This allows for complete control over the quality, delivery and the all-important after-sales service of all Ferrol's products.

FEATURES

Blue Forever

Glasslined heating element

Blue Forever' is a new generation of ultra-strong-heating elements, created at the Ferrolì global R&D centre in San Bonifacio. This patented technology is designed to reduce scaling, increase heating efficiency and prolong the life of the heating element, significantly. 'Blue Forever' is at the heart of all Ferrolì electric water heaters available in India.

MITO RANGE

You can experience the patent 'Blue Forever' heating element & aluminium anode feature in the Mito range of Ferrol water heaters.

Capacity: MITO 3 & 6 Ltr

Guarantee* (6 Ltr)

Product	Heating Element	Tank
2 Years	4 Years	7 Years

Guarantee (3 Ltr)

Product	Heating Element	Tank
2 Years	2 Years	5 Years

Long Lasting Aluminium Anode*

Temperature Regulation*

Hi-Tech Capillary Thermostat & Cutout for additional safety*

Environment Friendly CFC free Insulation*

Rust Proof ABS Body

High Pressure Rating - 8 bar

Blue Forever Heating Element

Healthy Blue Silicon Enamel Coated Tank*

The 3 Mito water heaters have a pressure rating of 8 bar which is significantly higher than the competing products which have a pressure rating of only 6.5 bar. This enables Mito water heaters to withstand higher pressure making them more suitable for use in the high rise buildings and for pressure pump applications.

Model	Capacity	Power	Voltage	Rated Pressure	Dimension HxWxD
Mito.3'	3Ltr	3000W	230V/50 Hz	8 Bar	392 x 250 x 204 (MM)
Mito.6	6 Ltr	3000W	230V/50 Hz	8 Bar	450 x 280 x 252 (MM)

CUBO RANGE

With a unique compact yet stylish design like none other, these water heaters have changed the dynamics of design forever.

Capacity: 10, 15, 25 Ltr

warranty

Product	Heating Element	Tank
2 Years	4 Years	5 Years

With the "Blue Forever" heating element technology which makes Cubo the most durable water heater compared with the others. The on & off option provides you easy switching and are delight to use. The Different capacities makes it easy for you to choose the perfect model for your home.

KF200-X(3P)	500	2450w

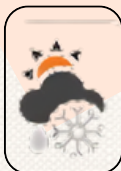

DISPLAY CONSOLE

Microprocessor controlled big LED digital display console for the ease of use by customer to set the timer and control the temperature.

ENERGY SAVING

Comparing the standard electric water heater, Ferrolli heat pump water heater saves up to 75% of the energy.

ALL SEASON USE

Since it draws heat from air, the product continues to supply hot water in all weather conditions irrespective of the water heater location.

MICRO CHANNEL HEAT EXCHANGER

The heat transfer is even & faster as the refrigerant passes through the heat exchanger holes & the transfer of heat is evenly distributed to the water in the tank.

ENVIRONMENT FRIENDLY & CFC FREE INSULATION

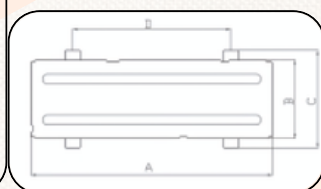

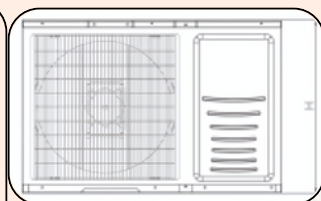

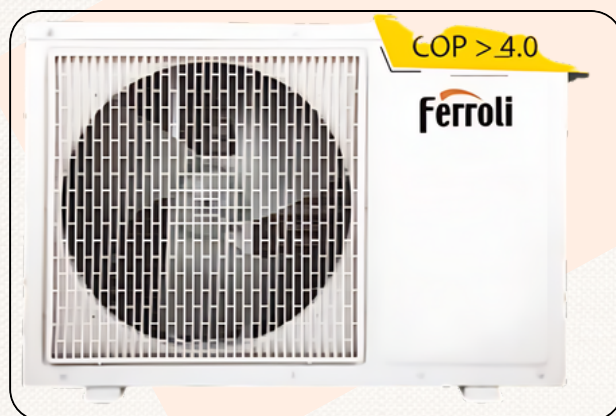

There is no discharge of any harmful fumes chemicals to environment during the use of Ferrolli heat pump water heater & hence its an eco-friendly green product

FULLY AUTOMATIC

Microprocessor controlled by fully automatic operation. Ferrolli heat pump water heater can work efficiently under different weather conditions.
